Our Java Academy Internship Program 2022 is created for students or graduates, who want to grow in Java programming. We offer you 3 months (July - September) of a paid internship, intense learning, and getting hands-on experience in one of our projects. You will be getting constant support from a mentor, one of our Java Developers. For the best interns, we will offer a job with flexible employment options.

Why is it worth working with us?

In our company, employees can choose to work in a hybrid or remote way to ensure maximum work-life balance. What is more, you don't need to speak Polish to work with us, as we have here a truly international environment - our team members come from more than 20 countries.
