At Akamai, we make life better for billions of people, billions of times a day.

Every moment, billions of people worldwide are using the internet to shop, play games, look after finances, learn remotely, share videos, connect across the world, and so much more. These wouldn't be possible without Akamai. It's an extraordinary mission, and our global team's power protects life online, solving the toughest challenges together and turning the impossible into the possible.

Akamai Krakow launched in 2011 with just three employees on board. Today we are the largest office in EMEA with over 1000+ employees. Our greatest assets are the people who we empower to do great things. Our people are the reason we are one of the Best Places to Work in Poland by The Great Place to Work Institute 6 times in a row (8 times in total), always in the top 4.
